NR27 & NR25 both Indian Pacific livery on 5PM5 intermodal Millendon Junction 5/10. Photo Simon Barber

At the end of this year with release of the December issue I will discontinue production of this e-Mag. It has been an incredible journey over nine years from when I was shown by associates in Canada how you to produce a weekly news magazine that saw some 222 issues produced. This weekly format was discontinued owing to mainly difficulties in obtaining accurate and up to date news items not subject to commercial in confidence. This was a news source but at no time did I ever want to affect someone's career or cost them their job by them supplying me accurate information. This then became a photo e-Mag as all things had happened prior to publication. Now with Aurizon no longer running intermodal services, all locomotives looking much same as fuel efficient locomotives takeover it's the time to end this publication.

ACN4150 & ACN4148 on 7763 Karara ore Mickos dip Moonyoonooka October 21st.
