		INWARD TRAFFIC TO MARYVALE		
From — Any Station	Timber pulpwood —			
	Hardwood	"Briquette"	(a)	PW
	Softwood	M	(b)	PW
	Waste Paper	A	—	PP

Conditions —

(i) The class rates shown are subject to the following wagonload minima:—

Symbol		Minimum Tonnage Per Wagon Type of Wagon		
	4 wheeled	VLCX Bogie Van	VLEX Bogie Van	VOBX/VOCX Wagon
(a)	12 tonnes	20 tonnes	28 tonnes	24 tonnes
(b)	10 tonnes	16 tonnes	24 tonnes	20 tonnes

(ii) The foregoing rates are exclusive of loading and unloading charges and shunting charges at Maryvale or any other station.

CAPACITY OF VESSELS

The type of vessel and capacity in litres of casks, drums, kegs, tanks, vats, etc. must be shown on consignment notes.

COMMODITY CODING

All consignment notes are to be coded in accordance with the Commodity Coding enumerated in Circular A 1300/72 and S.A.I. 203.

It is essential that this information be shown on both local consignment notes and intersystem invoices (waybills) in order that statistical and costing data can be accurately evaluated.

CONSIGNMENT NOTES — General Condition 9, Volume 1

Customers may have consignment notes printed to meet their own requirements by arrangement with the Comptroller of Accounts.

All goods consigned on the Consignment Notes referred to above are subject to Owner's Risk rates and conditions unless the Consignment Note is endorsed "Railways' Risk", in which case the Railways' Risk rates shall be charged provided that the conditions applicable to carriage at Railways' Risk are complied with.

CONSIGNMENT NOTES FOR WOOL

Dennys Lascelles Ltd. and Elder Smith Goldsborough Mort Ltd., Geelong, use a receipt form in triplicate which is used by consignors of wool to be railed to them.

The form shall be accepted under the following conditions:—

(a) The receipt form is not be regarded as a consignment note.
(b) The proper Railway consignment note must be lodged in addition to the receipt form.
(c) One of the two phrases "Railways' Risk" or "Owner's Risk" is to be struck out on receipt form, according to whether the wool is consigned at Railways' Risk or Owner's Risk.
(d) Particulars shown on receipt form and consignment note must agree.
(e) The first copy of the form will be retained by the sender of the wool, the second copy shall be filed with the Railway consignment note, and a receipt given on the third copy, which will be posted by the sender to the company concerned.
(f) Receipt forms must not be accepted for firms other than those mentioned.

Stations must advise the Chief Marketing Manager of any cases of unauthorized receipt forms being tendered.

CONSTRUCTION MATERIAL AND CONSTRUCTION BOARD EQUIPMENT

Materials for Works charged to Capital shall be treated as maintenance material, and carried "Free".

DETERMINATION OF CUBIC SPACE

For goods in small consignments which are to be charged in accordance with the cubic scale provided for in the Goods Rates Book, Page 48, the cubic measurement shall be assessed as follows:—

(i) Cubic Volume — maximum length x maximum height x maximum width (in metres).

(ii) Cubic Density — cubic volume (cubic metres) as in (i) above mass (tonnes).

Example —

What classification is to apply to a carton of goods n.o.s. measuring 3m long x 1.2m high x 0.5 m wide weighing 50 kg.

(i) Cubic volume = 3m x 1.2m x 0.5 = $1.8m^3$.

(ii) Cubic density = $\frac{1.8m \times 1000kg}{50kg} = 36m^3$ per tonne.

— classification to be charged from Goods n.o.s. scale is LCL + 200%

EMPLOYEES' HOUSEHOLD EFFECTS, ETC.

Employees on transfer shall ordinarily be allowed "free" transport of their household effects, poultry, dog and not more than one cow and one horse.

"Free" transport of one of the following:–

(a) Motor Cycle
(b) An additional cow
(c) A calf
(d) A motor car

may also be allowed provided that the Officer-in-Charge certifies that to the best of his knowledge and belief the motor cycle, additional cow, calf or motor car is owned by the particular employee, and is retained solely for domestic purposes by himself and family, and also that the concession does not involve the provision of transport facilities in addition to those that would otherwise have been necessary.

Old timber, dismantled fowl houses, wire-netting and firewood belonging to an employee on transfer may also be allowed free transport, provided that an additional wagon for the carriage of such items is not necessary.

Consignment notes must be issued showing particulars of all items transported for employees on transfer.

EMPTY CONTAINERS

When empty containers are forwarded to country stations at the prescribed Empty Return rates shown under "Empties" in Volume 1, the staff at the destination station shall immediately ascertain if the containers, when filled, will be forwarded by rail.

If the staff at the destination station is satisfied that the containers, when filled, will not be forwarded by rail, the Revenue Accounting Office shall be advised by Station Adjustment Request who will raise the charges to the respective higher alternative rate as provided for in Volume 1.

EXHIBITS FOR GOVERNMENT TOURIST BUREAUX shall be carried Free

EXPLOSIVES IN EXPLOSIVE VAN – (See R.O.A. Code of Practices and Conditions for the Carriage of Dangerous Goods)

When the mass in an explosive van for any portion of the journey is less than the minimum of 2 tonnes, the mass short of 2 tonnes is to be charged for at the Class LCL distance rate for the portion of the journey concerned and debit accordingly shall be raised by the sending station.

Example:

An explosive van loaded at Ardeer Siding with –
1 tonne for Geelong
1 tonne for Colac
500 kg for Warrnambool
Total load leaving Ardeer 2.5 tonnes

Total loaded in van on arrival at –	Quantity for delivery at –	Freight charges would be waybilled by Ardeer as under –
(i) Geelong 2.5 tonnes	Geelong 1 tonne	To Geelong Actual mass (1 tonne) from Ardeer to Geelong.
(ii) Colac 1.5 tonnes	Colac 1 tonne	To Colac Actual mass (1 tonne) from Ardeer to Colac, plus 500 kg short tonnage from Geelong to Colac at Class LCL distance rate.
(iii) Warrnambool 500 kg	Warrnambool 500 kg	To Warrnambool Actual mass (500 kg) from Ardeer to Warrnambool, plus 1.5 tonnes short tonnage from Colac to Warrnambool at Class LCL distance rate.

FIREWOOD AND TIMBER TRAFFIC FOR MELBOURNE

The Melbourne Freight Terminal is not open for the receipt of Inward consignments of firewood, logs, and other hardwood timber, and consignments of this description should be forwarded to Arden Street, or such other of the various Suburban Freight Depots as may be required.

Exception: Logs exceeding 6 tonnes in mass may be accepted for carriage to the Electric Crane Road, Melbourne Freight Terminal.

FRUIT AND VEGETABLES CONSIGNED INTERSTATE

Freight charges on single packages of fruit or vegetables when consigned interstate must be prepaid.

GLASS – ARTICLES COMPRISED WHOLLY OR PARTLY OF – General Condition 2, Volume 1

When consignments consisting partly of glass, such as shop fittings, show cases, and articles of a similar nature, are offered for despatch at Railways' Risk, and such consignments are sufficiently packed to enable them to be so accepted, the following procedure is to be adopted by the staff:–

(i) If the value of the glass is not disclosed on the consignment note the goods are to be waybilled at Railways' Risk at the prescribed rate.

(ii) If the value of the glass is declared on the consignment note and exceeds $50.00 the insurance charges specified in General Condition 2 shall be charged in respect of the glass, and the consignment subject to Railways' Risk at the prescribed rate.

The same procedure is to be followed in regard to the other items mentioned in General Condition 2, such as silks and pictures.

GOODS AND LIVESTOCK FOR HIS EXCELLENCY THE STATE GOVERNOR

Goods and Live Stock forwarded to, or on behalf of His Excellency the State Governor, shall be consigned freight paid and debit cleared by voucher account.

GOODS OF EXCEPTIONAL DIMENSIONS

When requests are made for the conveyance of traffic of unusual dimensions or mass which may require to be loaded in wagons specially fitted, conveyed by special transport (such as slow running) accompanied by employees, or involving special precautions against fouling bridges or overhead electrical equipment, etc. such applications must be referred to the Chief Marketing Manager, who will ascertain the particular type of wagon necessary and advise details of all charges involved to the applicant or consignor, who will be required to give an undertaking that the cost of the special services will be paid on demand.

Particulars of the expenditure incurred by the respective Branches shall be furnished to the Chief Marketing Manager, who will forward such particulars to the Comptroller of Accounts in order that the necessary account may be rendered.

All charges as advised by the Chief Marketing Manager must be taken to debit in the usual manner.

GOODS UNDER BOND

Goods consigned under bond to other than caretaker or No-One-In-Charge Station or private sidings shall be charged the Railways' Risk Rate provided they are packed in accordance with specifications shown in Volume 1 under "Packing – Definitions of".

The Board will not accept for carriage by railway any goods in bond tendered by a consignor or licensed carrier unless accompanied by a sealed window-faced Custom's "Under Bond" envelope (containing the Custom's Removal documents) addressed to the consignee, appropriate consignment notes plainly endorsed "Goods Under Bond" and the goods clearly marked or branded "Under Bond". The sealed Customs envelope marked "Under Bond" is to be placed in a Railway "Value" envelope and forwarded, with the consignment note, under cover to the destination station.

At destination stations goods "Under Bond" will be delivered to the addressee on the window-faced envelope or his accredited representative, together with the sealed Customs "Under Bond" envelope. No other documents are required to justify delivery. If necessary to identify Custom's envelopes with particular goods, the sealed "Under Bond" envelope may be opened, the goods identified from the removal documents and the envelope resealed.

The Station Master or Officer-in-Charge at the destination station on receipt of "Under Bond" goods must ensure that they are stowed in a place of security and must only permit delivery to the addressee on the Custom's envelope or his accredited representative.

HIDES AND SKINS

(a) Forwarded on off days shall be charged a minimum of 3 tonnes per wagon.

(b) When consigned on off days accompanied by tallow, bones or horns the total mass of the consignment shall be grouped to make the minimum of 3 tonnes.

(c) When hides and skins are shown on the consignment note as having been tallied at the sending station, and $3.00 per tonne charged for such service, they must also be tallied at the destination station and receipt obtained for the actual number delivered.

INTERSYSTEM GOODS TRAFFIC

Freight charges are to be computed according to the classification in the Railways of Australia Rates Book.

Commodities exempted from R.O.A. rates shall be computed according to the classification in each of the Systems' Goods Rates Books. Where excluded from R.O.A. rates and other Systems' Goods Rates Books are not available, the rates are to be obtained from the Chief Marketing Manager, 470 Collins Street either by telegram (Rates) or telephone (Auto 1000 ext. 133).

A. ALL TRAFFIC

(i) Goods consigned "To Order" shall not be accepted for any Intersystem destination (including Albury).

(ii) Invoices (Waybills.) – The number of copies of Intersystem Goods and Live Stock invoices to be prepared and where they are to be sent by the sending station are shown in the Station Accounts Instruction Book.

(iii) **Traffic at Railways' Risk from Victoria to Intersystem destinations**

(a) **Goods Forwarded from Victoria** to Intersystem destinations may be accepted at Railways' Risk for the total Intersystem journey, **subject to the conditions** prescribed in the *Victorian Goods Rates Book*. The rates provided on each System for carriage at Railways' Risk shall apply in respect of the proportion of the freight for each of the Systems concerned.

(b) **Goods ordinarily carried** at Railways' Risk in Victoria and at Owner's Risk or the other Systems concerned in the carriage shall be accepted at Railways' Risk for the through Intersystem journey, and charged at the Railways' Risk rates provided in each System's regulations.

(iv) Livestock — Intersystem Livestock consignments shall be invoiced and charged for as set out on page 17 hereof.

B. BETWEEN VICTORIA AND NEW SOUTH WALES AND QUEENSLAND

Consigning and Invoicing — All goods from Victorian stations for stations in Queensland and in New South Wales beyond Albury or Tocumwal (including agricultural produce and superphosphates which the sender instructs to be handled by an agent at those stations by so endorsing the consignment note) must be consigned and invoiced direct to the final destination stations.

The entry "C/o.....Agent at Albury or Tocumwal," as the case may be, shall be made on the through invoice and wagon card if the consignor desires agricultural produce or superphosphates to be transhipped by an agent.

Transhipping charges shall be imposed on all goods forwarded to New South Wales or Queensland when the goods are to be transhipped by the Victorian or New South Wales Railways or by an agent (see below for Queensland).

Inward goods traffic from New South Wales will be invoiced direct to destination station.

Goods from Caretaker or unattended platforms or sidings in New South Wales consigned to Victorian stations are invoiced on Siding and Platform invoices which are to be dealt with as shown in the Station Accounts Instruction Book.

Oaklands is not to be regarded as an alternative route to and from New South Wales and traffic will only be conveyed to Oaklands provided it is consigned to that point for delivery.

Loading for intermediate stations on the Oaklands — The Rock Line must be routed *via* Albury.

Freight Charges shall be computed by the route by which the traffic is hauled irrespective of the fact that a cheaper rate may be available by an alternative route.

Freight Rates to and from certain N.S.W. Metropolitan Stations and Sidings.

Freight charges on all traffic, other than goods chargeable at Railways of Australia Intersystem Rates, wool on which the freight charges are assessed at the rate per bale, butt or bag, or traffic chargeable at maximum tonnage rates, consigned to or from Darling Harbour, Pyrmont, Rozelle, Alexandria, Cook's River and Sidings under the control of those stations or to or from stations and sidings on the Botany line (Cook's River to Power Station, Bunnerong inclusive), will be assessed on the basis of the Darling Harbour distance, except where otherwise provided.

Queensland

Goods for Brisbane shall be forwarded to South Brisbane, and shall be invoiced and charged accordingly. Such consignments will not be subject to transhipping charges at Clapham.

Traffic for stations other than Brisbane or South Brisbane will be transhipped at Clapham or Wallangarra.

The distance to the Border Tunnel (Queensland Border) from Albury is 1498 kilometres, and from Tocumwal 1616 kilometres.

Artificial Manures consigned in a wagonload from one consignor at one station in Victoria to consignees at different stations in New South Wales (Via Tocumwal), shall be treated as one consignment and charged at Manure Rate in respect of the Victorian portion of the journey from the Victorian originating station to Tocumwal, and shall be charged as separate consignments for the New South Wales portion of the journey from Tocumwal to destinations.

Separate invoices shall be made out for each consignment and endorsed, for example,
"8 tonnes also in Victorian wagon for ....."

Broken Hill — Goods for Broken Hill may be forwarded —

(a) To Mildura (cartage from Mildura to Broken Hill requires to be arranged by the consignee)

(b) Via Adelaide

(c) Via Tocumwal or Albury

as desired by the consignor, who should indicate on the consignment note the route by which the consignment is to be forwarded.

Wagonload Minima —

Traffic originating or terminating at Albury or Tocumwal conveyed in Victorian wagons shall be subject to the prescribed Victorian wagonload minima.

For traffic to or from other destinations, the wagonload minima shall be as prescribed in Volume 1 under Intersystem Goods Rates.

C. BETWEEN VICTORIA AND AUSTRALIAN NATIONAL RAILWAYS (CENTRAL REGION)

(i) Goods must be consigned and invoiced direct to the final destination station.

(ii) Freight charges shall be computed by the route by which traffic is hauled whether or not a cheaper rate is available by an alternative route.

(iii) **Wagonload Minima —**

The wagonload minima shall be as prescribed in Volume 1 under Intersystem Goods Rates.

D. BETWEEN VICTORIAN AND WESTERN AUSTRALIAN AND AUSTRALIAN NATIONAL RAILWAYS. (NORTHERN REGION)

(i) **Invoicing** – Goods between Victorian stations and stations on the Australian National Railways (Trans-Australian and Central Australian) and Western Australian Railways, shall be invoiced direct from the original to the final destination station by the shortest route.

(ii) **Wagonload Minima** –

The wagonload minima shall be as prescribed in Volume 1 under Intersystem Goods Rates.

FRUIT FOR NEW SOUTH WALES AND QUEENSLAND

In order to facilitate the transhipping of fruit and deliveries at Darling Harbour, or other receiving stations in New South Wales and Queensland the following instructions must be closely observed:–

1. **Branding of Cases** (Wagonload Consignments) –

(a) When wagonload consignments are forwarded by one or more senders to one consignee, the whole of the cases contained in the wagon must be stencilled at each end with a distinct over-riding brand, independently of any brands or addresses which may be shown for the information of the consignee (or agent) in effecting deliveries of consignments that are forwarded for distribution.

(b) The over-riding brand must be shown on consignment notes and invoices, and no notice must be taken of the separate brands or addresses which may be shown on cases intended for distribution.

(c) If a wagonload consignment consists of cases bearing brands or addresses without an over-riding brand, each lot shall be treated as a separate consignment, and shall be charged for accordingly.

Note:– It is suggested that the over-riding brand should be the first letter of the consignee's surname, also a figure to represent the day of the week, namely, Monday 1, Tuesday 2, Wednesday 3, and so on. For instance:–
A consignment of 350 cases forwarded to Smith and Sons on a Wednesday should be stencilled $\frac{S}{3}$

2. **Loading of Consignments in less than Wagonloads** – Mixed consignments, i.e., consignments in less than wagonloads, must be placed in wagons, so that the various consignments, according to brands, as far as possible, will be kept together.

3. **Advice of Loading** –

(a) In order to enable the Stationmaster at Albury to provide sufficient louvre vans and to arrange for the necessary staff for the transhipment of fruit, the Stationmasters at forwarding stations must promptly advise the Stationmaster, Albury, by telegram the following particulars respecting each consignment –

Van No., destination, number of cases, mass, and by what train despatched.

(b) All forwarding stations must at the same time telegram similar information to the Chief Operations Manager, and stations forwarding traffic which must necessarily pass through the Melbourne Freight Terminal will also telegram particulars to the Freight Superintendent.

4. **Invoices** –

(a) **New South Wales** – Two copies of invoices shall be enclosed in invoice envelopes – one copy shall be endorsed on the face "Duplicate copy".

(b) **Queensland** – Three copies of invoices shall be enclosed in invoice envelopes – two copies shall be endorsed on the face "Duplicate copy".

LASHING POLES

A charge of $3.00 per wagon shall be made for the service of lashing poles if performed by the Railways.

LIVESTOCK

LOADING AND UNLOADING AT MORE THAN ONE STATION. (SEE VOLUME 1 under "Livestock Rates and Conditions of Carriage".)

When arrangements are made for the loading or unloading of any van of livestock to be distributed over more than one station, the Guard shall enter on the consignment note the number of head picked up or set down at each station, and also show if the van is detached or not detached for the load to be altered; at manned stations, the staff must see that this information is correctly shown on the consignment note.

The consignment note must be carefully checked at the final destination station and the Revenue Accounting Office shall be advised by Station Adjustment Request to adjust the charges as from the originating station at the full van rate plus an additional charge of $22.00 for each occasion on which the van was detached from the train for the purpose of picking up or setting down.

If the consignment is carried by a longer route to fit in with alteration of the load at intermediate stations, the distance shall be computed accordingly.

STARVING STOCK AND FODDER FOR FEEDING STARVING STOCK

1. **Declarations and adjustments –**

These shall be treated in accordance with Circular A. 1065/76.

2. **Ordering of Vans** – When ordering vans, either for the forward or return journey for the carriage of stock at starving stock rates, it should be stated that they are required to convey stock under starving stock rates and conditions.

3. **Commodity Coding – Forward and Return Journey** – Consignment notes for stock or fodder, carried at the concession rates, are to be coded with the code for livestock or fodder suffixed by the letters "S" or "T".

INTER-SYSTEM LIVE STOCK TRAFFIC (See also Intersystem Goods Rates, Volume 1)

NEW SOUTH WALES

1. Livestock between broad and standard gauge which requires transfer at Wodonga or Tocumwal.

(a) Consignments from New South Wales to Victoria must be consigned at New South Wales distance rates to Wodonga or Tocumwal (according to route selected) and then separately consigned at Victorian distance rates from Wodonga or Tocumwal to the Victorian destination. The Victorian consignment note must be plainly endorsed with the name of the New South Wales outward station and for any consignment forwarded "to pay", the New South Wales charges must be treated and charged on the consignment note as "other party" revenue.

(b) Consignments from Victoria to New South Wales must be consigned at Victorian distance rates to Wodonga or Tocumwal, and then separately consigned at New South Wales distance rates to New South Wales destination; the Victorian consignment note must be plainly endorsed with the name of the New South Wales destination.

(c) Stock owners or their agents must requisition direct to the New South Wales Railways for vans and transport required for the New South Wales portion of the journey, and at the same time arrange for Stock Agents at Wodonga or Tocumwal to accept delivery of and care for the consignments while at the border and for the stock to be consigned forward to its final destination. A deposit of $10.00 per van shall be collected to cover the New South Wales vans required.

(d) Consignments from New South Wales stations for delivery at Wodonga or consignments originating at Wodonga for New South Wales stations shall be charged New South Wales distance rates to or from Wodonga.

(e) Consignments from New South Wales stations for delivery at Tocumwal or consignments originating at Tocumwal for New South Wales stations shall be treated as purely New South Wales consignments.

(f) Consignments from Victorian stations carried in Victorian vans for delivery at Albury, or consignments originating in Victorian vans at Albury for Victorian stations. shall be charged for and invoiced to or from Albury at Victorian distance rates for the through journey.

(g) Local consignments between Albury and Wodonga shall be carried in New South Wales vans and charged under New South Wales rates and conditions.

(h) Terminal charges shall be credited to Victoria or New South Wales as the case may be for livestock forwarded to or via Albury.

(i) Livestock in crates, subject to transport arrangements having been made with the Manager Freight Operations, shall be invoiced in accordance with the conditions provided for general goods traffic.

INTER-SYSTEM LIVE STOCK TRAFFIC (continued)

2. **Livestock conveyed on standard gauge between Victoria and New South Wales via Albury**

(a) Consignments of livestock for stations other than Wodonga, conveyed on standard gauge between Victoria and New South Wales via Albury and which are not spelled at Wodonga shall be invoiced through from original loading station to final destination station.

(b) Charges for each System shall be computed on the distance to Albury and such consignments will **not** be subject to the terminal charges shown in Volume 1.

QUEENSLAND

Livestock from Victoria to Queensland shall be invoiced at Victorian distance rates to *Wodonga* or *Tocumwal* for re-booking to final destinations.

AUSTRALIAN NATIONAL RAILWAYS & WESTERN AUSTRALIA

Consignments of livestock from Victoria to stations on the Australian National Railways systems, may be accepted for through despatch and are to be invoiced to the final destinations via the route hauled at the separate rates specified for each system. Western Australian traffic shall be invoiced to West Kalgoorlie only.

Particulars of rates, conditions, and transport arrangements in respect of any Intersystem consignment of livestock may be obtained on application to the Manager Freight Operations.

LOADING AND UNLOADING CHARGES — General Condition 35, Volume 1.

Loading — Charges raised when loading is performed by the Railways must be debited on the consignment note separately from the freight charges.

Unloading — Debits for unloading charges will require to be raised on outward consignment notes for less than wagonload consignments to all stations and for wagonload consignments to Melbourne, Bendigo, Ballarat and Ballarat East.

All other unloading charges shall be taken to debit as specified in the Station Accounts Instruction Book.

MISDESCRIPTION OR UNDERSTATEMENT OF GOODS — Sub-sections 1 and 2 of Section 35 of the Railways Act 1958, No. 6355 —

Any cases of understatement or misdescription of goods must be immediately reported to the Chief Marketing Manager, and until special authority is received no charges must be collected **for any Goods understated on Consignment Notes,** neither must any extra charges be collected in respect of any goods misdescribed on Consignment Notes to the detriment of the Board.

"OTHER PARTY" CHARGES ON WOOL

"Other Party Charges" in respect of wool forwarded from Man-in-Charge, Caretaker and No-one-in-charge Stations shall be allowed **for cartage charges only.** If carriers claim "other party" charges for handling, storage or forwarding charges they are to be refused.

Particulars of "Other Party" charges are to be endorsed on the consignment notes.

Stationmasters should advise carriers and woolgrowers that the Board will allow cartage charges "Other Party" charges, and where desired make the necessary arrangements for this being done.

It must, of course, be clearly understood that the cartage charges are paid by the woolbrokers to whom the wool is consigned and that they are ultimately deducted by the latter from the accounts sales rendered to the growers.

OVERLOADED WAGONS

When the load exceeds the permissible overload as prescribed in the Book of Weighing Instructions (pages 31 and 32) the excess over the carrying capacity must be transferred to another wagon and forwarded to the destination, and the freight charges on the whole consignment imposed as follows:—

(a) On the original consignment note; for the full mass of the consignment at the wagonload rate.

(b) On a consignment note issued by the adjusting station; for the surplus removed to another wagon, at the difference between the full wagonload rate and the rate for lesser quantities in respect of the exact quantity removed as from the station where the surplus was removed to the destination station; plus the cost of unloading and reloading the surplus. It must be clearly understood that not more than the quantity necessary to reduce the load of the original consignment to the carrying capacity of the wagon shall be transferred. The minimum of $7.00 per consignment specified in Volume 1 is not applicable in cases of this kind.

(c) The cost of unloading and reloading the surplus shall be at the rate of $6.00 per tonne when both services are performed by Railway Staff. If outside labour is engaged the charge shall be the actual cost which will be entered on a consignment note as other party revenue.

(d) The surplus must be accompanied by a consignment note covering the additional charges as explained in clauses (b) and (c), which, unless the consignee has an account with the Board, must be collected before delivery is given.

PACKING, FREE CARRIAGE OF

The following materials when used for the packing and protection of consignments on the forward journey by rail shall be granted free carriage for the return journey to the original despatching station:—

RAILWAY REFRESHMENT ROOMS

1. **Rooms managed by the Board:**— Consignments to or from Railway Refreshment Rooms managed by the Superintendent of Trading and Catering Services shall be consigned free on ordinary consignment notes, which must be treated in the usual manner.

These regulations also apply to consignments account the Trading and Catering Services Store and The Mt. Buffalo Chalet, Mt. Buffalo National Park.

2. **Rooms leased to private persons:**— Freight charges must be imposed in respect of consignments forwarded to Railway Refreshment Rooms, or fruit or other stalls which are leased from the Board.

RELOADING AND ADJUSTMENTS OF CONSIGNMENTS

(a) **Consignments loaded at stations in charge of Stationmasters** — In cases where consignments forwarded from stations in charge of Stationmasters require to be reloaded or adjusted, accounts in duplicate for the cost of the service, copies of consignment notes, and a report respecting the state of the load of the goods and the cause which necessitated the reloading or adjustment of the consignments, shall be forwarded to the Chief Marketing Manager by the adjusting station.

(b) **Traffic loaded at caretaker or no-one-in-charge stations** — As no Railway staff is employed at such stations to make a close examination of loading, any adjusting charges incurred *en route* will be regarded as due to the faulty loading of the senders, but this does not relieve the guard of his responsibility in cases where wagons are obviously not loaded according to diagram.

Where consignments from such stations require to be loaded or adjusted, the charges for such services shall be raised on a consignment note to the destination station by the stations at which the services were performed.

The consignment note for the amount involved, showing full particulars of the consignment, shall be placed in the original consignment note envelope in order that the total debit for the consignment may be received by the final destination station, and all charges due, including the cost of reloading or adjusting collected before delivery.

(c) **Charges for Reloading or Adjusting** — The charges for reloading or adjusting shall be the actual cost when outside labour is employed, and at the rate of $6.00 per tonne for the quantity reloaded or adjusted when the service is performed by Railway staff.

(d) See also Book of Weighing Instructions.

SPIRITS UNDER BOND IN SEALED VANS

Spirits under bond in sealed vans shall be subject to a minimum of 2 tonnes per four-wheeled van for the exclusive use of the van.

STORAGE — General Condition 19

(a) Recognized Carrying Agents may be allowed a certain portion of storage space in country Goods Sheds free of charge.

A week's free storage to consignees who live some distance from the station may be allowed but in every case where storage charges are waived for this reason, an endorsement on the consignment note, "No storage charge collected", must be signed by the consignee.

STORAGE – General Condition 19 (continued)

Exception – The period of free storage to consignees who live some distance from the Warrnambool station shall be three days, including the day of unloading.

(b) Storage Conditions at Suburban Railway Stations – The following directions are to be observed:–

(i) Sidings are to be inspected by the Officer-in-Charge before 8 a.m. daily and a written record kept of all goods on hand at that hour, such record to be the basis of storage charges and to be available for perusal of Inspecting Officers.

(ii) A Miscellaneous Freight debit is to be raised at once for all storage charges due and forwarded to the Revenue Accounting Office. If the client is not an account holder the charge shall be collected before delivery is authorised.

(c) Storage of poles – Permission has been granted to the Australian Tele-communications Commission to temporarily store poles at any station (other than those where the Commonwealth already leases or proposes to lease a site) open for goods traffic outside a distance of 15 kilometres from Melbourne, on approval being given by the Metropolitan or District Superintendent to the site. When this accommodation is desired the Australian Tele-communications Commission will make application to the District Officer concerned, and the poles will be stored only on the site selected and approved by him.
